

ZOTTEL WINE TANKS | QUALITY TANKS FOR LESS...

Hydropresses and powered fruit mills

Stainless steel AISI 304, bright annealed finish, electrolytically polished surface. Intended to press grape juice or other fruit juice by pressing the crushed fruit, using water pressure energy. The press enables the compression without physical effort and provides high juice yield.

Standard Equipment: Press bag, protecting cover, pressing diaphragm

Optional: Filter bag

Product	Volume in Gallon/L	D in inch	H in inch	Max Pressure	Weight LB	Regular Price	Sale Price	In Stock
